Where better to escape than your very own miniature She Shed? It may be your private place to read, do crafts, garden, listen to music, dine, or just spend the afternoon. The weather is always perfect so there is no rain or bugs – unless you put them there.

One of the techniques you will learn is “ship-lap” wood siding. Your she shed can be rustic, fancy, shabby chic, or just plain comfy!

There will be optional gift exchanges as in past years – participate in any or all:

Tote bag favors – bring 20 identical small gifts bagged and with your name enclosed

Table Gifts – bring 5 identical gifts for exchange with table-mates – wrapped with name enclosed

Gift Drawing – bring one \$15 gift item, wrapped with name enclosed – bring one receive one!!

Gift ideas:

Plants	Flowers	Pretty Pots
Books	Pillows	Lamps
Garden Gnome	Gazing Ball	Stepping Stones
Hanging chimes	Birdhouse	Bird Feeder
Snacks	Drinks	Garden Tools
Work Apron	Ivy for wall	Window box (window is 4x4”)
Garden Animals	Pets	Pet Accessories

There will be a wooden base with a 3” overhang either on one side or at the front, depending on how you place your shed, for a small table or chair on the outside, or whatever you choose to do.

You will receive battery powered lighting for inside also.
